On August 12, 2024, the offender failed to submit a urine specimen. When questioned by the probation officer about his missed appointment, the offender stated he was unaware that he had a drug test because he forgot to call Code-A-Phone. The offender was rescheduled for a drug test the following day.

3. **Special Condition: The defendant shall participate in a substance abuse treatment program and follow the rules and regulations of that program. The program shall include testing and examination to determine if the defendant has reverted to the use of drugs. The probation officer shall supervise the participation in the program (provider, location, modality, duration, intensity, etc.). The defendant shall pay the costs of such treatment based on the ability to pay.**

5. **Mandatory Condition No. 3: The defendant shall refrain from unlawful use of a controlled substance. The defendant shall submit to one drug test within 15 days of release on probation or supervised release and at least two periodic drug tests thereafter (as determined by the court), but the condition stated in this paragraph may be ameliorated or suspended by the court if the defendant's presentence report or other reliable sentencing information indicates low risk of future substance abuse by the defendant.**

U.S. Probation Officer Recommendation: Since the commencement of the offender's supervised release, he has been supervised in the San Angelo Division of the Northern District of Texas. The Court afforded the offender the opportunity to attend substance abuse treatment; however, he missed sessions and reverted to the use of methamphetamine. Furthermore, the probation officer afforded the offender several opportunities to comply with the conditions of the Court. Therefore, it is respectfully recommended that a supervised release violation warrant be issued for the offender's arrest, and his term of supervised release be revoked.
